April 11, 2025

Dear Sir/Madam:

Greetings! This letter will serve to confirm that Adult Residential Communities, having its principal office at 1800 S Ocean Boulevard, Lauderdale by the Sea, FL, is currently pursuing COA Private Organization Accreditation through the Council on Accreditation (COA).

The COA accreditation process involves a detailed review and analysis of both an organization's administrative operations—including financial practices—and its service delivery practices. All are measured against international standards of best practice. These standards emphasize services that are accessible, appropriate, based in the community, coordinated, family- focused, culturally competent, individualized, outcomes-oriented, provided by a skilled and supported workforce, respectful of individual rights, strengths-based, supported by evidence, supportive of partnership, treat all people with dignity, and involve family and provider collaboration.

During the Private Organization Accreditation process, we review and accredit the entire organization, not just specific programs. As such, all programs that we have an applicable service standard for and their related sites. Therefore, funders, licensing authorities and organizational partners can have confidence in the credibility, integrity and achievement of Broward Behavioral Health Coalition as a whole once it achieves COA Accreditation.

To achieve COA Private Organization Accreditation Broward Behavioral Health Coalition will need to provide written evidence of compliance with all of COA's applicable standards. Thereafter, a group of specially trained volunteer Peer Reviewers will confirm adherence to these standards during a series of onsite interviews with trustees, staff, and clients. Based on their findings, our volunteer-based Accreditation Commission will vote as to whether Broward Behavioral Health Coalition successfully meets the criteria for COA Accreditation.

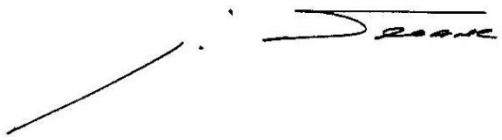
Additionally, and of important note, COA accreditation requires that accredited organizations maintain continuous implementation of/performance with the applicable COA standards throughout their accreditation cycle.

MOA responsibilities include:

- Completion of an annual MOA Report;
- Self-reporting of critical significant changes; and,
- Cooperation with post-Final Accreditation Report requirements, accreditation cycle monitoring processes, accreditation cycle Site Visits, or third-party complaint reviews, as required.

I will be pleased to provide you with any additional information that you may require. In that regard, please feel free to contact me by email at jseoane@social-current.org.

Sincerely,



Joseph Seoane
Senior Director of Network Engagement
